PREFACE

Music has been a part of the University of Toronto for more than a hundred and forty years. The first Bachelor of Music degree was granted in 1846 and the present Faculty of Music was established in 1918, the first faculty at a Canadian university for the scholarly and professional study of music. Over the years our graduates have come to occupy important positions in virtually every major musical organization in Canada and throughout the world from Berlin to Hong Kong, from Cleveland to Auckland.

The Edward Johnson Building, home of the Faculty of Music, is located on the main campus of the University of Toronto in midtown Toronto, on a subway line, and close to the city's libraries, concert halls, galleries, museums and theatres. The Music Library, now housed in the spacious new Rupert E. Edwards Wing, is the major research music collection in Canada and includes a vast collection of sound recordings in the Sniderman Recording Archives. The MacMillan Theatre is a fully equipped opera house; Walter Hall is one of the city's major chamber music halls. But a music school finally depends on the people in it, and the staff of the Faculty of Music is made up of the finest scholars, composers and performers with outstanding reputations in Canada and abroad.

With only about 400 undergraduate students, we remain a relatively small school, one where there can be close association among students and between students and teachers. At the same time we are large enough to offer an extraordinary variety of opportunities for learning and for experiencing all kinds of music. There is not a day without a lecture, seminar, masterclass or performance of special note; our chamber ensembles, early music group, orchestra, contemporary music ensemble, opera program, concert band, wind symphony, concert choir and university singers provide all students with the practical opportunities both to perform and to hear a vast range of musical repertoire as part of their studies within the Edward Johnson Building. And outside our building students have access to the entire intellectual resources of the University of Toronto, and the brilliant international concert life of the city of Toronto.

Whether your interest is to be a composer, a scholar, a performer or a teacher, this Calendar will provide the basic information about our programs, entrance requirements, scholarships and teaching staff. Should you have further questions, please write to the Admissions Office, Faculty of Music, University of Toronto, Toronto, Ontario M5S 1A1. We will be happy to hear from you.

IMPORTANT INFORMATION

Changes in Programs of Study

Programs of study listed and described in the Calendar are available for the years to which the Calendar applies. They may not necessarily be available in later years. If the University or the Faculty must change the content of programs of study or withdraw them, all reasonably possible advance notice and alternative instruction will be given. The University, however, will not be liable for any loss, damages, or other expenses that such changes might cause.

Changes in Courses

For each program of study offered by the University through the Faculty of Music, the courses necessary to complete the minimum requirements of the program will be made available annually. We must, however, reserve the right otherwise to change the content of courses, instructors and instructional assignments, enrolment limitations, prerequisites and co-requisites, grading policies and timetables without prior notice.

Changes in Regulations and Policies

The University has several policies that are approved by the Governing Council and which apply to all students. Each student must become familiar with the policies. The University will assume that he or she has done so. The rules and regulations of the Faculty of Music are printed in this Calendar. Applicable University policies are either published here in full, or in a condensed version, or are listed. In applying to the Faculty of Music the student assumes certain responsibilities to the University and the Faculty and, if admitted and registered, shall be subject to the rules, regulations and policies cited in the Calendar.

Calendar Limitations

The University makes every reasonable effort to plan and control enrolment to ensure that all of our students are qualified to complete the programs to which they are admitted, and to strike a practicable balance between enrolment and available instructional resources. Sometimes such a balance cannot be struck and the number of qualified students exceeds the instructional resources that we can reasonably make available while at the same time maintaining the quality of instruction. In such cases, we must reserve the right to limit enrolment in the programs, courses or sections listed in the Calendar, and to withdraw courses or sections for which enrolment or resources are insufficient.

Copyright in Course Lectures

Students wishing to tape-record, photograph, video-record or otherwise reproduce lecture presentations, course notes or similar materials provided by instructors, must obtain the instructor's written consent beforehand. Otherwise, all such reproduction is an infringement of copyright and is absolutely prohibited. In the case of private use by physically disabled students, the instructor's consent will not be unreasonably withheld.

Student Number

Each student at the University is assigned a unique and confidential identification number, access to which is strictly controlled through the Policy on Access to Student Records. The University assumes and expects that students will protect the confidentiality of their student number.

Tuition and Incidental Fees

The University reserves the right to alter the fees and other charges described in this Calendar.

Sessional Dates

All students should refer to the list of Sessional dates to avoid incurring academic or financial penalties.

A high level of playing ability is required, but the emphasis of the program is on teaching methods. Applicants for this program should prepare repertoire that exhibits the greatest command of the instrument, and is similar in level to the performance program. Total performance time for the audition material must be not less than 45 minutes. *Memorization is required.*

4 All Programs

Auditions are held throughout April; an earlier audition may be arranged. Audition programs must be approved by the Faculty of Music before an audition date will be assigned. Applicants living more than 400 km (250 miles) from Toronto may submit a taped audition. A \$30 non-refundable fee is levied for the application and audition procedure.

Interview (held with the audition)

Candidates are interviewed about their general musical knowledge and interests; brief tests on ear discrimination and theoretical skills will be conducted.

Theory All applicants are expected to have completed RCM Grade 2 Rudiments and RCM Grade 3 Harmony (or an acceptable equivalent). Candidates without these qualifications will write a Special Entrance Examination in Theory, set by the Faculty of Music.

Keyboard Proficiency is not an admission requirement for the Faculty of Music. However, students whose major instrument is not piano will find that piano skills at the level of Grade 6 (RCMT) or equivalent will assist them in their studies. The Faculty does not require proof of (i.e. certificates) nor an examination in keyboard proficiency.

ADVANCED STANDING AND TRANSFER CREDIT

Advanced Standing in Applied Music is determined on the basis of the interview/audition.

Transfer Credit for work completed at another university will be assessed on the basis of individual course content, grade achieved and equivalency to courses relevant to the student's program in the Faculty of Music. Requests for Transfer Credit should be submitted prior to registration, and no later than the end of the second week of classes, using the special form available from the Music Admissions Office. Detailed course descriptions, an official transcript and any other useful information should accompany the request. A fee of \$30 is levied for the processing of Transfer Credit requests. The fee does not apply to University of Toronto courses.

STUDENT SERVICES

UNDERGRADUATE ASSOCIATION

The Undergraduate Association is the official undergraduate organization in the Faculty of Music. The object of the Association is "to promote the interests of undergraduates in the Faculty of Music, to cultivate relations between the faculty and the student body in University activities, and to further goodwill among the members themselves."

Officers are elected annually, and these persons, along with appointed committee chairpersons, form the Executive Committee. Various standing committees are responsible for planning and coordinating a number of student functions.

The President of the Association is an ex-officio member of the Faculty Council, and the Association organizes the election of student members to Council. 978-6669

COUNSELLING, ADVICE AND HELP

Students may seek advice and help from many sources within the Faculty and the University. In the Faculty of Music the Associate Deans and the Registrar are always willing to talk with students on any matter of concern: academic, emotional, financial, domestic or personal problems.

Students having difficulties with any course should not hesitate to bring this to the attention of the instructor. The Divisional Coordinators are also most interested in helping with academic problems. The **University of Toronto Student Health Service** offers a comprehensive range of medical assistance that includes counselling for emotional and psychiatric problems. This service is completely confidential and does not become part of a student's academic file. The Health Service is located in the Koffler Student Services Centre, 214 College Street. (978-8030 Medical; 978-8070 Psychiatric.) There is no charge to students for this Service.

Also in the Koffler Student Services Centre is the **Counselling & Learning Skills Service** (978-7970) where students may receive special counselling for personal and emotional matters. Trained counsellors will also help

with "exam anxiety" and offer advice on learning skills.

Students are encouraged to seek help as soon as a problem becomes apparent. There may be a simple solution immediately available; it is always wise to act promptly.

SPECIAL SERVICES TO PERSONS WITH A DISABILITY

Special Services offers liaison with academic and administrative departments and off-campus agencies. The service provides advocacy and support for students with a wide range of hidden or obvious disabilities and health considerations and incorporates a learning disability division. Facilities include provision of adaptive devices and equipment, tutoring, notetaking and alternative exam conditions for those eligible, on-campus transportation where appropriate, access to computer labs, and personal and career counselling. The objective of the service is to facilitate the inclusion of students with special needs into all aspects of university life. Students are encouraged to discuss their individual needs with a member of the Special Services staff, and all discussions are confidential. Special Services also provides information and resource materials on health conditions and disability related issues.

The office is located at 214 College Street, Toronto, Ontario. M5T 2Z9. Liaison officers are available at Scarborough and Erindale Colleges.

CAREER CENTRE

The Career Centre, located in the Koffler Student Services Centre, provides career counselling and employment services to students and recent graduates. Counsellors are available to assist students in the investigation of careers, clarification of goals and the development of employment-related skills, through workshops and individual appoint-

ments. The Career Resource Library is a valuable resource in the formulation of career plans and in the search for employment. It includes calendars for universities and colleges in Canada, the U.S., and overseas, as well as a wealth of information on occupations, career planning and related subjects. Resources to help the job-seeker include market research reports and information on potential employers. During the academic year, the Centre sponsors a series of Career talks at which people from the professions and other fields discuss their career areas. Permanent employment is available to graduating students through the On-Campus Recruitment Programme which runs from September until March. After that, recent graduates may seek employment through the Permanent Employment Service. Summer and part-time jobs are also posted at the Centre. Seminars on all aspects of the job search are held regularly.

UNIVERSITY HOUSING SERVICE

The Housing Service maintains a list of U of T on-campus residences and other accommodation off-campus. Residence information should be requested well in advance and applications should be returned to the appropriate residence office as quickly as possible, and should not be delayed while waiting for academic admission. **Cost:** on-campus residences average about \$2800 for the academic year (add about \$2600 for compulsory meal plans, where applicable).

Rooms off-campus average \$300-375 per month. Private apartments range from \$550-\$900 for one- or two-bedroom suites. It is common for a group of students to share larger apartments.

Many students arrange temporary housing in advance of arriving in Toronto, then make use of the Housing Service files to locate more appropriate accommodation. A rental period beginning August 1st (or Oct 1st) avoids the September 1st crush. It generally takes from one to three weeks to complete a satisfactory off-campus rental agreement. A list of temporary housing is available at the Housing Service on request.

The Service also acts as an admissions office for the Family Housing Apartment Complex which is primarily for full-time U of T students who are married or who have dependent children, or both. Applications should be made twelve to sixteen months in advance.

FINANCIAL ASSISTANCE

The Faculty of Music offers a broad range of scholarships and awards to registered students, and has available a Bursary fund to assist those students requiring financial aid.

Students entering first year in the Faculty of Music undergraduate programs are also eligible for University of Toronto Admission Scholarships; application information is available in most Ontario secondary schools or may be obtained from the University of Toronto's Office of Student Awards.

During the academic year students may take advantage of employment opportunities within the Faculty of Music: orchestra manager/librarians, house managers, cloak-room attendants, ushers, library assistants, occasional office assistance. Requests for student musicians for events within the University are also posted. Details are available in the Office of the Associate Dean, or the Library (for student assistants).

General Information

Students should understand that they themselves must bear the cost of attending university and should not depend on receiving bursaries and/or scholarships from the Faculty of Music or the University of Toronto. It is the policy of the University that students needing financial assistance should consider the first means of help to be their governments' student aid schemes.

A Bursary is an award given to a student who can demonstrate financial need. While need is a major consideration, a student's record must indicate that he or she would benefit from further education. **Application is necessary for a Bursary.**

A Loan is granted to a student demonstrating financial need. The sum loaned must be fully repaid by the student to the loaning body at an interest rate established at the formal completion of the loan agreement. **Application is necessary for a loan.**

A Scholarship or Prize is awarded to a student for high academic and musical achievement. Applications are not normally necessary for scholarships, but students should consult the detailed listings below.

When any award is granted upon standing obtained in part of the work of any academic year, the candidate must obtain standing in the work of the academic year as a whole.

GOVERNMENT STUDENT ASSISTANCE PLANS

The Ontario Student Assistance Program is a student aid package administered by the Province of Ontario. The components of this program are:

Ontario Study Grant Plan

To provide need-tested loan assistance to students from less affluent families, normally for the first four years of post-secondary education.

Canada Student Loans Plan

To provide need-tested loan assistance up to and including the doctoral level of study. Students who have reached "independent" status can be assessed for loan assistance without reference to their families' income.

Ontario Student Loans Plan

To make need-tested loan assistance available to students not covered by the Canada Student Loans Plan. At present this includes students taking less than 60% of a normal course-load and some full-time students whose needs are not fully met by the Canada Student Loans Plan.

Ontario Special Bursary Plan

To ensure that particularly needy part-time students receive grant assistance. There will continue to be an upper limit on the number of courses that a student can take (three university courses, or equivalent) and students will not be able to receive financial assistance from both this program and the Ontario Study Grant Plan at the same time.

All students who are attending the University may qualify for aid under one or more of these plans provided they satisfy the residency requirements and demonstrate financial need as outlined in the Ontario Student Assistance Brochure.

Application forms and brochures will be available in April and may be obtained from the Office of Student Awards, Koffler Student Services Centre, University of Toronto.

PROGRAM REQUIREMENTS

BACHELOR OF MUSIC DEGREE PROGRAMS

General Information

Concentration in the Performance degree and Artist Diploma programs begins in the first year.

Concentration in the Composition, History & Literature, Music Education and Theory programs begins in second year; students are assisted by the staff at the end of first year in choosing a concentration, only one of which may be selected. Minor concentrations are available in Composition and in History & Literature, beginning in third year.

Students must be registered in 12 to 20 units per year; those with a B standing or higher may petition to take more than 20 units.

Basic Music courses are **required**, and taken in the year specified, unless advanced standing or transfer credit has been received. The Basic Music courses are: History of Music, Materials of Music, Sight Singing and Rhythmic Training, Dictation, Keyboard Harmony, Applied Music and Required Ensemble. These courses are designed to establish a basic level of musical knowledge and skill relevant to all concentrations. **Basic Music courses are required, and may not be dropped.**

A required minimum of four and a permitted maximum of six **Arts & Science** courses is designated for the degree. A full Arts & Science course earns 3.0 units; a half-course, 1.5 units, regardless of the hours per week.

Students are free to choose from any of the courses in the Arts & Science Calendar, provided prerequisites and co-requisites are met. Courses with the prefix MUS are not generally available to Faculty of Music students.

A **Music Elective** is any Faculty of Music course (excluding Basic Music courses) that is not required by the student's major concentration. Students are required to complete a minimum of 6.0 units of Music Electives within the four year program. Students completing a Minor Concentration are not required to enrol in any Music Electives.

NOTE: In the Program outlines listed in the following pages, unit values enclosed in parentheses, e.g. (1.5), indicate that the course is not required for that specific program. Required Basic Music courses are printed in bold type on the following charts.

OPERA DIVISION

1991 Opera Division production of Offenbach's Monsieur Choufleuri

DIPLOMA IN OPERATIC PERFORMANCE

The Diploma in Operatic Performance is an advanced diploma designed to prepare students through vocal and operatic experiences for professional operatic careers.

Admission to the program is by audition. Only gifted and professionally oriented performers who hold an acceptable university degree or artist diploma in music, or equivalent qualifications, will be considered. Candidates should have a working command of three languages for vocal purposes.

The program requires two or three years of full-time residence. All students are admitted on a probationary basis for the first year. At the conclusion of the Probationary Year, successful students will be recommended by

the Opera Division to complete the program in a further one or two years of study.

Operatic Repetiteur

A two-year course of studies, within the Diploma in Operatic Performance program, designed to train pianists in the art of the operatic repetiteur. Students will play for classes and rehearsals, and ultimately work, under supervision, with the singers in the Opera program.

Limited enrolment (pianists only); admission by audition and interview. Along with a thorough musical education and a keen interest in opera, a high level of keyboard proficiency will be required.

DESCRIPTION OF COURSES (UNDERGRADUATE)

COURSE CODES

The 3-letter prefix normally indicates the Division responsible for the course. The first number designates the year level. Duration of the course is shown by the letter following the course numbers:

Y = 26 weeks, two terms

F = 13 weeks, first term only

S = 13 weeks, second term only

H = half course, may be offered in either term, or through both terms. Consult the annual timetable for details.

A = full course, first term

B = full course, second term

C = offered only in the summer

COURSE WEIGHTS – UNIT VALUES

Each undergraduate course offered in the Faculty of Music is assigned a unit value. Generally, a 3-unit course is the equivalent of a full course in the Faculty of Arts & Science, with one unit representing one hour per week. This does not apply, however, to many courses in Music Education, Theory, and Performance, particularly with reference to Applied Music and Performing Ensembles. Course descriptions and the annual timetable will provide specific details on course weights and unit values.

REGISTRATION AND ACADEMIC REGULATIONS

Each student must register in the Edward Johnson Building in September as specified in the Schedule of Dates. Detailed information concerning course selection, auditions, placement tests, etc., will be mailed to returning and newly admitted students in the summer months.

The Faculty of Music reserves the right to withdraw courses listed in this Calendar, limit course enrolment, or make substitutions in a student's academic program, without giving prior notice.

The auditing of courses is not permitted in the Faculty of Music:

Confirmation of Courses

Students will be asked to check their courses in October to ensure that records are correct. In confirming courses, students are required to accept responsibility for their course registrations by signing and dating the program sheet.

Course Changes

Students are advised to consult the Schedule of Dates (page 4) to ascertain the dates by which courses may be added or dropped. Course change forms are obtainable from the Registrar, or the Receptionist.

Applied Music and Major Ensemble

All students should be prepared for a placement audition during Registration Week. This audition determines the student's assignment to a performing ensemble and, for those registering for the first time, to an applied music teacher. **These assignments are at the discretion of the Performance Division.**

All voice, string, wind and percussion students must audition in their major performance medium. Incoming piano and voice students will be required to perform a voice audition for choral placement.

Wind, string and percussion students are required to participate, on their major instruments, in a major ensemble, as assigned by the Performance Division.

Transfer and Withdrawal

Students wishing to change programs within the Faculty or University should consult with the Registrar. A student may withdraw from the Faculty and the University up to February 15th without incurring academic penalty.

Letter of Permission (Study Elsewhere)

Students wishing to complete one or more courses at another university, for credit towards a Faculty of Music degree or diploma, must apply **in advance** to the Registrar. Calendar descriptions and course outlines must be provided. An official Letter of Permission will be issued only for courses relevant to the student's program and deemed to be fully equivalent to an appropriate University of Toronto course. **Credit will not be given for courses taken elsewhere without a Letter of Permission from the Faculty of Music.** A fee of \$30 is levied for such letters.

FINAL EXAMINATIONS

Final examinations are held in April and May (for Y,S,H and B courses). Final examinations for F and A courses are held in December. Refer to the Schedule of Dates for details of the current year's exam dates.

Students should not make travel or other commitments until the exam timetables have been published.

Mis-reading of the examination timetables will not be accepted as grounds for petitions or academic appeals.

Missed exams, due to illness: see page 73, Aegrotat Standing.

RECITAL / APPLIED MUSIC EXAMINATION DEFERRALS

Students prevented from completing an Applied Music final examination or Recital because of a medical condition may Petition to have the examination deferred. The deadline for completing the deferred examination is October 31st of the next academic year. Should the medical disability persist beyond this date, the student may not remain registered in any courses requiring performance (e.g. Applied Music, Ensembles etc.), but may petition for special consideration and/or part-time status, after discussion with the Performance Division and the Registrar.

1 Standing in a Course

Standing in a course requires a final mark of 50% or higher. The Faculty of Music uses the following grading system, excepting courses for which CR (Credit) or NCR (No Credit) apply:

Mark %	Grade
80 – 100	A Excellent
70 – 79	B Good
60 – 69	C Adequate
50 – 59	D Marginal
35 – 49	E Inadequate
0 – 34	F Wholly Inadequate

2 Standing in a Year

To receive standing in any year, a student must obtain an overall average of 60% or higher, based on the following scale:

Mark %	Grade
80 – 100	A
70 – 79	B
60 – 69	Pass
Less than 60%	Fail

A student with full-time status who obtains an "A" standing in the final year will graduate "With Honours".

Failure in First Year

A student who fails first year must reapply for admission through the Assistant Dean and will be considered with other first-year applicants; re-acceptance is not automatic.

A student repeating first year must achieve a cumulative average of 60% in the second attempt. Failure to do so will result in suspension from the Faculty.

Probationary Status

Students beyond first year whose cumulative average is below 60% will be placed on probation. Failure to achieve a cumulative average of 60% or better at the end of the probationary year will result in suspension from the Faculty for at least one year. A degree or diploma will not be granted if the cumulative average is below 60%.

Students who fail pre-requisite courses may find they are unable to enrol in a full program of the next higher year.

UNIVERSITY GRADING PRACTICES POLICY

Purpose The purpose of the University Grading Practices Policy is to ensure:

- that grading practices throughout the University reflect appropriate academic standards;
- that the evaluation of student performance is made in a fair and objective manner against these academic standards;
- that grade scales, while remaining suited to the particular circumstances of every division, are compatible with each other;
- that the academic standing of every student can be accurately assessed even when courses have been taken in different divisions of the University and evaluated according to different grade scales.

Application of Policy

The Policy applies to all individuals and committees taking part in the evaluation of student performance in degree, diploma, and certificate credit courses (hereafter referred to as courses), excluding courses in the School of Graduate Studies.

Amendment to Policy

Amendments to the Policy shall be recommended to the Academic Board. Changes to the divisional regulations on grading practices shall be forwarded to the Committee on Academic Policy and Programs.

Distribution of Policy

A copy of the Grading Practices Policy as well as the description of the grade scale used in a division and the substance of divisional regulations indicated in Part II of this Policy shall be published in the Calendar of the division. Similarly a copy shall be given to all students upon initial registration and to all instructors and others, including teaching assistants, involved in the evaluation of student performance.

PART I GRADES

Meaning of Grades Grades are a measure of the performance of a student in individual courses. Each student shall be judged on the basis of how well he or she has command of the course materials.

I.1 A grade assigned in a course is not an assessment of standing within a program of studies. To determine the requirements for credit and standing in a program of studies, the academic regulations of the division in which the program is offered should be consulted.

I.2 Grades for each course shall be assigned with reference to the following meanings (which may be expanded in the divisional regulations under Part II):

<i>Excellent</i>	<i>Marginal</i>
<i>Good</i>	<i>Inadequate</i>
<i>Adequate</i>	<i>Wholly Inadequate</i>

Grade Scales

I.3 Once a judgement on the performance of the student has been made, the following grade scales may be used in accordance with divisional practice:

- (a) a compatible letter grade scale;
- (b) the numerical scale of marks;
- and/or
- (c) the scales Honours/Pass/Fail and Credit/NoCredit

Grades vs Scores

I.4 Grades should always be based on the approved grade scales. However, students may find that on any one evaluation they may receive a numerical or letter mark that reflects the score achieved on the test or essay. The cumulative scores may not be directly identified with the final grade. Grades are final only after review by the divisional review committee described below.

I.5 A table of correspondence and a translation table are defined in the Appendix for each of the letter grade scales referred to in 1.3(a) in order to allow the conversion, when necessary, of a grade assigned from one scale to the corresponding grade in another. It should be noted that these tables are not to be used to translate a score to a grade directly.

Grade Reporting

I.6 Only one letter scale, as referred to in 1.3(a) may be used in a division for assigning grades, but the numerical scale and the H/P/FL and CR/NCR scales, as referred to in 1.3(b)

and (c) respectively, may also be used. The grades assigned in a course, however, must all be from the same scale.

I.7 Grades in each course shall be assigned according to the practice of the division offering the course. Grades in each course shall be reported according to the practice of the division administering the program in which the student is registered (the reporting division).

- (a) Grades shall be reported as assigned when the division offering the course is also the reporting division, when the offering and reporting divisions use the same grade scale, and when the grades are assigned from the H/P/FL or C/NCR scales.
- (b) In all other cases, grades shall be reported as converted to the scale used by the reporting division, and the conversion shall be made according to the tables of correspondence and the translation tables defined in the Appendix.
- (c) With the exception of H/P/FL and CR/NCR scales, two different letter grade scales may not be used on the same transcript.
- (d) A grade not reported in the form originally assigned by the offering division must on request be made available to the student in that form by the reporting division.

I.8 All non-grade symbols used in reporting course results must correspond to the University-wide standard. A list of the currently approved symbols and their meanings is given in the Appendix A.2.

I.9 The information in grade reports and transcripts must be communicated to the user, whether within or outside the University, in a clear and meaningful way. To that end, transcripts issued by every division of the University must indicate the relationship between the divisional grade scale, the grade meanings, the basic letter grade scale, whether refined or unrefined by plus and minus signs, and the scale of numerical marks as well as the translation table. A list of non-grade symbols and meanings shall also be included in the transcript.

PART II GRADING PROCEDURES

Approval of Grades

Grades shall be recommended by the instructor to the chair or division head. The grades shall then be reviewed and approved following the divisional review procedure. Grades

shall not be reported or released to students as official until the divisional review procedure has been carried out. The divisional review constitutes final approval of grades except when grades are changed on appeal.

II.1 Divisional Review Committee

In each division, a committee chaired by the divisional head or a designate, and where appropriate, an additional committee structure, with the chairs (or their designates) of departments or other academic units of division serving as chairs shall:

- (a) administer the implementation of the University Grading Practices Policy at the divisional level and oversee the general consistency of grading procedures with the division;
- (b) formulate, approve, and administer the University's specific regulations concerning the grade scale or scales to be used, the assignment of non-grade symbols for course work, classroom procedures and approved methods of evaluation;
- (c) review, adjust and approve course grades recommended by instructors. The grades recommended for any individual student in the professional faculties may be adjusted according to his or her performance in the course or program as determined by the committee. The divisional committee has the final responsibility for assigning the official course grade.

II.2 Classroom Procedures

To ensure that the method of evaluation in every course reflects appropriate academic standards and fairness to students, divisional regulations governing classroom procedures must be consistent with the practices below.

- (a) As early as possible in each course (and no later than the division's last date for course enrolment) the instructor shall make available to the class, and shall file with the division or department, the methods by which student performance shall be evaluated. This should include whether the methods of evaluation shall be essays, tests, examinations, etc., the relative weight of these methods in relation to the overall score, and the timing of each major evaluation.
- (b) After the methods of evaluation have been made known, the instructor may not change them or their relative weight without the consent of at least a simple majority of the students enrolled in the

course. Any changes shall be reported to the division or the department.

- (c) Student performance in a course shall be assessed on more than one occasion. No one essay, test, examination, etc. should have a value of more than 80% of the grade. Criteria for exemption may be determined by the division.
- (d) In courses that meet regularly as a class there shall be an examination (or examinations) conducted formally under divisional auspices and worth (alone or in the aggregate) at least one-third of the final grade. Criteria for exemption may be determined by the division. The relative value of each part of an examination shall be indicated to the student. In the case of a written examination, the value shall be indicated on the examination paper.
- (e) Commentary on assessed term work and time for discussion of it shall be made available to students.
- (f) At least one piece of term work which is a part of the evaluation of a student performance, whether essay, lab report, review, etc., shall be returned to the student prior to the last date for withdrawal from the course without academic penalty.
- (g) Grades shall be recommended by the instructor in reference to the approved grade scales on the basis of each student's overall performance.

In formulating their own regulations divisions may add to items (a) to (g) and may adopt fuller or more specific provisions, for example in place of such terms as "a simple majority" (b) "one-third of the final grade" (d), or in particularizing the evaluation methods referred to in (a) and (b).

II.3 Procedures in the Event of Disruptions

Principles The following principles shall apply in the event of disruption of the academic program:

- (i) The academic integrity of academic programs must be honoured; and
- (ii) Students must be treated in a fair manner recognizing their freedom of choice to attend class or not without penalty.

Procedures

- (a) The Vice-President and Provost, or the Academic Board, shall declare when a disruption of the academic program has occurred. The Provost shall take steps to inform the University community at large

of the changes to be implemented, and will report to the Committee on Academic Policy and Programs regarding the implementation of the procedures and changes to the status of the academic programs.

- (b) Individual instructors or multi-section coordinators responsible for courses that are disrupted shall determine, as the disruption proceeds, whether any changes to classroom procedures are needed to complete the course.
- (c) Changes to the classroom procedures should, where possible, first be discussed with students prior to the class in which a vote of the students present on the proposed changes is to be taken. Changes agreed upon by consensus should be forwarded to the department or division with a report on the attendance at the class where the vote was taken.
- (d) Where consensus on changes has not been arrived at, or where a vote is not feasible, the instructor, after class discussion, will provide the division head or chair of the department in multi-departmental faculties, with his or her recommendation, along with the results of any classroom votes. The chair or division head shall then make a decision.
- (e) Where classes are not able to convene, the instructor, with the prior approval of the chair in multi-departmental faculties or the division head, shall make changes deemed necessary to the classroom procedures. In the absence of the instructor such changes will be made by the divisional head and require the approval of the Provost. Where courses are to be cancelled, approval of the divisional council is required. If the divisional council cannot meet, approval of the division head, or in the absence of the division head, the approval of the Provost, is required.
- (f) Students must be informed of changes to classroom procedures. This may be done by circulating the changes in writing to the class, posting in the departmental and faculty offices, reporting to the divisional council, as well as listing in the campus press. Should classes resume students must be informed, at class, of any changes made during the disruption.
- (g) Where changes to the classroom procedures are made students who do not wish to complete the course under the revised

procedures may withdraw without academic penalty. This must be done prior to the last day of classes.

- (h) Where students have not attended classes that are meeting, they nonetheless remain responsible for the course work and meeting course requirements. However, where possible, reasonable extension of deadlines for the course requirements, or provision of make-up tests shall be made and reasonable alternative access to material covered should be provided.
- (i) A student who feels, owing to his or her special circumstances, that changes to the classroom procedure have unreasonably affected his or her grade may appeal the grade following the procedures as set out in each division.

II.4 Assessment in Clinical and Field Settings

Divisions may make reasonable exemptions to the classroom procedures described above in circumstances such as field or clinical courses where adherence to these procedures is not possible. Nevertheless, it is obligatory that the assessment of the performance of students in clinical or field settings should be fair, humane, valid, reliable and in accordance with the principles enunciated in the University Grading Practices Policy. Accordingly, where a student's performance in a clinical or field setting is to be assessed for credit, the evaluation must encompass as a minimum:

- (a) a formal statement describing the evaluation process, including the criteria to be used in assessing the performance of students and the appeal mechanisms available. This statement should be available to all students before or at the beginning of the clinical or field experience;
- (b) a mid-way performance evaluation with feedback to the student;
- (c) written documentation of the final assessment.

In addition, for such clinical and field experiences, divisions must ensure that:

- (d) clinical and field assessors are fully informed regarding University, divisional and course policies concerning evaluation procedures, including the specific assessment procedures to be applied in any particular field or clinical setting. Any exception from the above would require a divisional request with explanation for approval by the Governing Council.

II.5 Grade Review and Approval Process

The following principles and procedures shall govern the grade review and approval process.

- (a) The distribution of grades in any course shall not be predetermined by any system of quotas that specifies the number or percentage of grades allowable at any grade level.
- (b) However, a division may provide broad limits to instructors setting out a reasonable distribution of grades in the division or department. Such broad limits shall recognize that considerable variance in class grades is not unusual. The division may request an explanation of any grades for a course that exceed the limits and hence appear not to be based on the approved grade scales or otherwise appear anomalous in reference to the Policy. It is understood that this section shall only be used when the class size is thirty students or greater. Each division shall make known in the divisional Calendar of any such limits.
- (c) The criterion that the Divisional Review Committee shall employ in its evaluation is whether the instructor has followed the University Grading Practices Policy. The Review Committee shall not normally adjust grades unless the consequences of allowing the grades to stand would be injurious to the standards of the University, or the class in general.
- (d) Membership on the Divisional Review Committee may include students but should not include members of the divisional appeals committees.
- (e) Where grades have been adjusted by a divisional committee, the students as well as the instructor shall be informed. On request, the students or the instructor shall be given the reason for the adjustment of grades, a description of the methodology used to adjust the grades, and a description of the divisional appeal process.
- (f) Where a departmental review committee changes course grades, the faculty office shall be so informed. Having done so, the faculty office shall relay this information, upon request, to the students or the instructor with a description as to the reason for the change and the methodology used.
- (g) Past statistical data, including drop-out rates, mean arithmetic average, etc.,

should be provided to the Divisional Review Committee as background information where available. The Committee will not use this information exclusively to judge whether a specific grades distribution is anomalous. Rather, the information should provide part of the basis for an overall review of grades in a division.

- (h) Where class grades have been changed, or when the Divisional Review Committee had reservations about the grades, the issue will be taken up with the instructor by the division or department head, with a view to ensuring that the Grading Practices Policy is followed in future.

Appeal Procedure

Every division shall establish divisional appeal procedures. Students may appeal grades according to the procedures established for that purpose in the division. The appeal may be made whether marks have been altered by the review process or not. These procedures shall be outlined in the divisional Calendar, and available upon request at the faculty or registrar's office.

II.6 Student Access to Examination Papers

- (a) All divisions should provide access to copies of the previous year's final examination papers and other years' papers where feasible. Exemptions may be granted by an appropriate committee of the division or department.
- (b) All divisions should provide students with the opportunity within a reasonable time to review their examination paper where feasible. A recovery fee should be set to cover administrative costs including photocopying.
- (c) All divisions should provide, in addition to the customary re-reading of papers and the re-checking of marks, the opportunity for students to petition for the re-reading of their examination where feasible. A cost recovery fee should be set and returned where appropriate.

II.7 Conflict of Interest

Where the instructor or a student has a conflict of interest, or is in a situation where a fair and objective assessment may not be possible, this should be disclosed to the chair or division head who shall take steps to ensure fairness and objectivity.

CODE OF BEHAVIOUR ON ACADEMIC MATTERS

The Governing Council of the University of Toronto has approved a Code of Behaviour which sets out clearly the standard of conduct in academic matters expected of members of the University community. The Code is enforced by the Provost and the Disciplinary Tribunal. Below are extracts from the Code, covering offences and sanctions as they apply to students. The full text is available from the Office of the Dean and the Registrar.

Section B Offences

B.I. 1. It shall be an offence for a student intentionally:

- (a) to forge or in any other way alter or falsify any document or evidence required for admission to the University, or to utter, circulate or make use of any such forged, altered or falsified document, whether the record be in print or electronic form;
- (b) to use or possess an unauthorized aid or aids or obtain unauthorized assistance in any academic examination or term test or in connection with any other form of academic work;
- (c) to personate another person at any academic examination or term test or in connection with any other form of academic work;
- (d) to represent as one's own any idea or expression of an idea or work of another in any academic examination or term test or in connection with any other form of academic work, i.e. to commit plagiarism (for a more detailed account of plagiarism see Appendix A in full text);
- (e) to submit for credit, without the knowledge and approval of the instructor to whom it is submitted, any academic work for which credit has previously been obtained or is being sought in another course or program of study in the university or elsewhere;
- (f) to submit for credit any academic work containing a purported statement of fact or reference to a source which has been concocted.

2. It shall be an offence for a faculty member intentionally:

- (a) to approve any of the previously described offences;
- (b) to evaluate an application for admission or transfer to a course or program of

study by other than duly established and published criteria;

- (c) to evaluate academic work by a student by reference to any criterion that does not relate to its merit, to the time within which it is to be submitted or to the manner in which it is to be performed.

3. It shall be an offence for a faculty member and student alike intentionally:

- (a) to forge or in any other way alter or falsify any academic record, or to utter, circulate or make use of any such forged, altered or falsified record, whether the record be in print or electronic form;
- (b) to cause by action, threat or otherwise in a classroom, laboratory or examination room a disturbance, which the member knows or ought reasonably to know, obstructs the teaching of a course or the holding of a test or examination.

4. The following are offences to the extent that they relate to the teaching and learning relationship. It shall be an offence for a faculty member alike intentionally:

- (a) to remove or copy or alter stored information such as books, film, data files or programs from a library, computer or information storage, processing or retrieval system or its peripheral communications devices without proper authorization; or to mutilate, misplace, misfile, instal or render inoperable any such information, program, system or device, or in any other way to deprive immediately or at some point in the future without authorization another member or members from using or having access to any such resource;
- (b) to use in a substantial way any information storage, processor or retrieval facility such as a library, computer, telephone, network or telecommunications system, or facsimile or photocopying equipment, or similar equipment, for any other purpose than that for which privileges of use or access have been granted;
- (c) to access any University computer, library, or other information storage, processing or retrieval system or any personal academic file without proper authorization.

5. A graduate of the University may be charged with any of the above offences committed intentionally while he or she was an active student, when, in the opinion of the

Provost, the offence, if detected, would have resulted in a sanction sufficiently severe that the degree would not have been granted at the time that it was.

B.II. Parties to Offences

1. (a) Every member is a party to an offence under this Code who intentionally:
 - (i) actually commits it;
 - (ii) does or omits to do anything for the purpose of aiding or assisting another member to commit the offence;
 - (iii) does or omits to do anything for the purpose of aiding or assisting any other person who, if that person were a member, would have committed the offence;
 - (iv) abets, counsels, procures or conspires with another member to commit or be a party to an offence; or
 - (v) abets, counsels, procures or conspires with any other person who, if that person were a member, would have committed or have been a party to the offence.
- (b) Every party to an offence under this Code is liable upon admission of the commission thereof, or upon conviction, as the case may be, to the sanctions applicable to that offence.
2. Every member who, having an intent to commit an offence under this Code, does or omits to do anything for the purpose of carrying out that intention (other than mere preparation to commit the offence) is guilty of an attempt to commit the offence and liable upon conviction to the same sanctions as if he or she had committed the offence.
3. When a group is found guilty of an offence under this Code, every officer, director or agent of the group, being a member of the University, who directed, authorized or participated in the commission of the offence is a party to and guilty of the offence and is liable upon conviction to the sanctions provided for the offence.

C.I. (a) Divisional Procedures

Note Where a student commits an offence, the faculty in which the student is registered has responsibility over the student in the matter.

1. No hearing within the meaning of Section 2 of the Statutory Powers Procedure Act is required for the purposes of, or in connection with, any of the discussions, meetings and

determinations referred to in Section C.I. (a), and such discussions, meetings and determinations are not proceedings of the Tribunal.

2. Where an instructor has reasonable grounds to believe that an academic offence has been committed by a student, the instructor shall so inform the student immediately after learning of the act or conduct complained of, giving reasons, and invite the student to discuss the matter. Nothing the student says in such a discussion may be used or receivable in evidence against the student.

3. If after such a discussion, the instructor is satisfied that no academic offence has been committed, he or she shall so inform the student and no further action shall be taken in the matter by the instructor, in which case he or she may again proceed in accordance with subsection 2.

4. If after such discussion, the instructor believes that an academic offence has been committed by the student, or if the student fails or neglects to respond to the invitation for discussion, the instructor shall make a report of the matter to the department chair or through the department chair to the dean. (See also C.I. (b)1.)

5. When the dean or the department chair, as the case may be, has been so informed, he or she shall notify the student in writing accordingly, provide him or her with a copy of the Code and subsequently afford the student an opportunity for discussion of the matter. In the case of the dean being informed, the chair of the department and the instructor shall be invited by the dean to be present at the meeting with the student. The dean shall conduct the interview.

6. Before proceeding with the meeting, the dean shall inform the student that he or she is entitled to seek advice, or to be accompanied by counsel at the meeting, before making, and is not obliged to make, any statement or admission, but shall warn that if he or she makes any statement or admission in the meeting, it may be used or receivable in evidence against the student in the hearing of any charge with respect to the offence or alleged offence in question. The dean shall also advise the student, without further comment or discussion, of the sanctions that may be imposed under Section C.I. (b), and that the dean is not obliged to impose a sanction but may instead request that the Provost lay a charge against the student. Where such advice and warning have been given, the statements and admissions, if any, made in such a

meeting may be used or received in evidence against the student in any such hearing.

7. If the dean, on the advice of the department chair and the instructor, or if the department chair, on the advice of the instructor, subsequently decides that no academic offence has been committed and that no further action in the matter is required, the student shall be so informed in writing and the student's work shall be accepted for normal evaluation or, if the student was prevented from withdrawing from the course by the withdrawal date, he or she shall be allowed to do so. Thereafter, the matter shall not be introduced into evidence at a Tribunal hearing for another offence.

8. If the student admits the alleged offence, the dean or the department chair may either impose the sanction that he or she considers appropriate under Section C.I.(b) or refer the matter to the dean or Provost, as the case may be, and in either event shall inform the student in writing accordingly. No further action in the matter shall be taken by the instructor, the department chair or the dean if the dean imposes a sanction.

9. If the student is dissatisfied with a sanction imposed by the department chair or the dean, as the case may be, the student may refer the matter to the dean or Provost, as the case may be, for consideration.

10. If the student does not admit the alleged offence, the dean may, after consultation with the instructor and the department chair, request that the Provost lay a charge against the student. If the Provost agrees to lay a charge, the case shall then proceed to the Trial Division of the Tribunal.

11. Normally, decanal procedures will not be examined in a hearing before the Tribunal. A failure to carry out the procedures referred to in this Section, or any defect or irregularity in such procedures, shall not invalidate any subsequent proceedings of or before the Tribunal, unless the chair of the hearing considers that such failure, defect or irregularity resulted in a substantial wrong, detriment or prejudice to the accused. The chair will determine at the opening of the hearing whether there is going to be any objection to defect, failure or irregularity.

12. No degree, diploma or certificate of the University shall be conferred or awarded, nor shall a student be allowed to withdraw from a course from the time of the alleged offence until the final disposition of the accusation. However, a student shall be permitted to use University facilities while a decision is pend-

ing, unless there are valid reasons for the dean to bar him or her from a facility. A student upon whom a sanction has been imposed by the dean or the department chair under Section C.I.(b) or who has been convicted by the Tribunal shall not be allowed to withdraw from a course so as to avoid the sanction imposed.

13. A record of cases disposed of under Section C.I.(a) and of the sanctions imposed shall be kept in the academic unit concerned and may be referred to by the dean in connection with a decision to prosecute, or by the prosecution in making representations as to the sanction or sanctions to be imposed by the Tribunal, for any subsequent offence committed by the student. Information on such cases shall be available to other academic units upon request and such cases shall be reported by the dean to the Secretary of the Tribunal for use in the Provost's annual report to the Academic Board. The dean may contact the Secretary of the Tribunal for advice or for information on cases disposed of under Section C.II. hereof.

14. Where a proctor or invigilator, who is not a faculty member, has reason to believe that an academic offence has been committed by a student at an examination or test, the proctor or invigilator shall so inform the student's dean or department chair, as the case may be, who shall proceed as if he or she were an instructor, by analogy to the other provisions of this section.

15. In the case of alleged offences not covered by the above and not involving the submission of academic work, such as those concerning forgery or uttering, library or computer material or library or computer resources, and in cases involving cancellation, recall or suspension of a degree, diploma or certificate, the procedure shall be regulated by analogy to the other procedures of this section.

C.I.(b) Divisional Sanctions

1. In an assignment worth 10 percent or less of the final grade, the department chair may handle the matter if:

- (i) the student admits guilt; and
- (ii) the assignment of a penalty is limited to at most a mark of zero for the piece of work.

If the student does not admit guilt, or if the department chair chooses, the matter shall be brought before the dean.

2. One or more of the following sanctions may be imposed by the dean where a student admits to the commission of an offence:

- (a) a written reprimand;
- (b) a written reprimand and, with the permission of the instructor, the resubmission of the piece of academic work, in respect of which the offence was committed, for evaluation. Such a sanction shall be imposed only for minor offences and where the student has committed no previous offence;
- (c) assignment of a grade of zero or a failure for the piece of academic work in respect of which the offence was committed;
- (d) assignment of a penalty in the form of a reduction of the final grade in the course in respect of which the offence was committed;
- (e) denial of privileges to use any facility of the university, including library and computer facilities;
- (f) a monetary fine to cover the costs of replacing damaged property or misused supplies in respect of which the offence was committed;
- (g) assignment of a grade of zero or a failure for the course in respect of which the offence was committed;
- (h) suspension from attendance in a course or courses, a program, an academic division or unit, or the University for a period of not more than twelve months. Where a student has not completed a course or courses in respect of which an offence has not been committed, withdrawal from the course or courses without academic penalty shall be allowed.

3. The dean shall have the power to record any sanction imposed on the student's academic record and transcript for such length of time as he or she considers appropriate. However, the sanctions of suspension or a notation specifying academic misconduct as the reason for a grade of zero for a course shall normally be recorded for a period of five years.

4. The Provost shall, from time to time, indicate appropriate sanctions for certain offences. These guidelines shall be sent for information to the Academic Board and attached to the Code as Appendix "C".

C.II.(b) Tribunal Sanctions

1. One or more of the following sanctions may be imposed by the Tribunal upon the conviction of any student:

- (a) a written reprimand;
- (b) a written reprimand and, with the permission of the instructor, the resubmission of the piece of academic work, in

respect of which the offence was committed, for evaluation. Such a sanction shall be imposed only for minor offences and where the student has committed no previous offence;

- (c) assignment of a grade of zero or a failure for the piece of academic work in respect of which the offence was committed;
- (d) assignment of a penalty in the form of a reduction of the final grade in the course in respect of which the offence was committed;
- (e) denial of privileges to use any facility of the University, including library and computer facilities;
- (f) a monetary fine to cover the costs of replacing damaged property or misused supplies in respect of which the offence was committed;
- (g) assignment of a grade of zero or a failure for any completed or uncompleted course or courses in respect of which any offence was committed;
- (h) suspension from attendance in a course or courses, a program, an academic unit or division, or the University for such a period of time up to five years as may be determined by the Tribunal. Where a student has not completed a course or courses in respect of which an offence has not been committed, withdrawal from the course or courses without academic penalty shall be allowed;
- (i) recommendation of expulsion from the University. The Tribunal has power only to recommend that such a penalty be imposed. In any such case, the recommendation shall be made by the Tribunal to the President for a recommendation by him or her to the Governing Council. Expulsion shall mean that the student shall be denied any further registration at the University in any program and his or her academic record and transcript shall record permanently this sanction. Where a student has not completed a course or courses in respect of which an offence has not been committed, withdrawal from the course or courses without academic penalty shall be allowed. If a recommendation for expulsion is not adopted, the governing Council shall have the power to impose such lesser penalty as it sees fit.
- (j) (i) recommendation to the Governing Council for cancellation, recall or suspension of one or more degrees, diplomas or certificates obtained by any graduate; or

(ii) cancellation of academic standing or academic credits obtained by any former student who, while enrolled, committed any offence which if detected before the granting of the degree, diploma, certificate, standing or credits would, in the judgement of the Tribunal, have resulted in a conviction and the application of a sanction sufficiently severe that the degree, diploma, certificate, standing, credits or marks would not have been granted.

2. The jury shall have the power to order that any sanction imposed by the Tribunal be recorded on the student's academic record and transcript for such length of time as the jury considers appropriate.

3. The Tribunal may, if it considers appropriate, report any case to the provost who may publish a notice of the decision of the Tribunal and the sanction or sanctions imposed in the University newspapers, with the name of the student withheld.

PROCEDURES FOR SUBMITTING PETITIONS AND ACADEMIC APPEALS

Petitions

Students seeking exemption or other variations from academic regulations during the school year should apply to the Registrar (Room 141) for an official Petition form. Before the Petition is written students must consult with the Registrar to ensure that a Petition is clearly worded and appropriate to the situation.

To enter a Petition, the student prepares a written statement:

- stating clearly the special consideration requested;
- stating clearly the reasons(s) why the student believes an exception to the rules is appropriate; and
- appending supporting documents (letters, medical certificates etc)

Medical certificates submitted must indicate the following:

- that the student was examined at the time of the illness;
- the nature of the illness and duration of the debility;
- the physician's professional opinion as to whether the student should receive special consideration on medical grounds.

Upon completion, the document should be submitted to the Registrar, for presentation at

the next meeting of the Petitions Committee. Students are notified in writing of the decision.

ACADEMIC APPEALS

The Academic Appeals Committee of the Council of the Faculty of Music has been established as the formal structure within the Faculty for the hearing of appeals against a final mark in a course. Within the Faculty, final decision on an appeal rests with this Committee, which reports to Faculty Council for information.

It is not necessary to submit a formal Appeal to request that a final examination be re-read, or that a grade be re-calculated. Such requests may be submitted as Petitions; a fee of \$11.00 is levied, refundable if the decision is in the student's favour.

Procedures

- 1 A student wishing to appeal a final mark must first arrange an interview with the instructor and/or the divisional coordinator.
- 2 If this meeting does not resolve the question satisfactorily, the student will then meet with the Registrar to discuss the preparation and submission of the official Appeal.
- 3 **Time limit – Appeals must be submitted within ninety days of the issuing of the official Statement of Results.**
- 4 The written notice of appeal must state the nature and grounds of the appeal and must be accompanied by any documents or material which will be used in support of the appeal. If the appellant is unable to obtain part of the supporting documentation within the ninety days deadline, an application may be made to the Dean of the Faculty of Music for an extension of time, not to exceed thirty days.
Note: No Appeal will be accepted unless the grounds are reasonable and clearly stated. Supporting documentation will not be accepted after the deadline, unless prior approval has been given for late submission.
- 5 Receipt of the appeal will be acknowledged by the Chairman of the Academic Appeals Committee in a letter sent by registered mail or other receipted delivery. It is the responsibility of the appellant to ensure that a current mailing address is provided to the Chairman.
- 6 The Chairman will set a date and time for the appeal to be heard. The appellant will

be notified of the date, time and place of the meeting by registered mail or other receipted delivery, at least two weeks prior to the meeting date.

- 7 The student has the right to appear before the Academic Appeals Committee, with or without an adviser. If the student intends to be accompanied by an adviser this must be communicated on the notice of the appeal.
- 8 The Academic Appeals Committee is required to arrive at a majority decision and this decision, together with reasons for the decision, will be sent to the appellant by registered mail or other receipted delivery within two weeks of the hearing of the appeal.
- 9 A further appeal from the decision of the Faculty of Music Academic Appeals Committee may be commenced by filing a notice of appeal with the Secretary of the Academic Appeals Board of the Governing Council of the University of Toronto, **no later than ninety days** after the decision from which the appeal is being taken has been communicated in writing to the appellant.

AEGROTAT STANDING

If the ability of a student to complete a course is affected by illness or domestic problems beyond his/her control, a petition may be made for special consideration. If there are adequate grounds, the Faculty will determine the status of the work already done and the steps that must be taken to complete the course. Alternatively, a recommendation may be made by the Faculty to grant Aegrotat Standing in the course. Petitions must be filed with the Registrar on or before the last day of the relevant final examination period, together with a medical certificate including the statement that the student was examined at the time of the illness, or other relevant documentation. If necessary, the medical certificate or documents may follow, but the petition must be submitted before the examination period ends; **late petitions will not be considered.**

Aegrotat Standing in a course carries the "AEG" designation on the official transcript; no numerical or letter grade is assigned.

The Faculty of Music reserves the right not to grant Aegrotat Standing more than once to any one student.

ACCESS TO STUDENT ACADEMIC RECORDS

The University of Toronto has established an official policy on Access to Student Academic Records. The full text is available in the Office of the Dean and the Registrar. The extracts published below provide an overview of the main points of the policy.

1. Definition of Official Student Academic Records

- (a) Registration and enrolment information; fees forms; basis for a student's admission such as the application and supporting documents.
- (b) Results for each course and academic period.
- (c) Narrative evaluations of a student's academic performance, used to judge his/her progress through an academic program.
- (d) Results of any petitions and appeals filed by a student.
- (e) Medical information relevant to a student's academic performance which has been furnished at the request or with the consent of the student concerned.
- (f) Letters of reference which may or may not have been provided on the understanding that they shall be maintained in confidence.
- (g) Personal information which is required in the administration of academic records such as name, address, telephone number, citizenship, social insurance number.

2. Access to Official Student Academic Records

(a) Access by a student

Upon written request a student may, within 30 days of the receipt of the request, examine and have copies made of his/her academic record as defined above, with the exception of letters of reference which have been provided on the understanding that they shall be maintained in confidence.

A student may, however, be advised of the identity of the authors of any confidential letters contained in his or her official academic record.

A student has the right to challenge the accuracy of his or her official student academic record with the exception of those portions of the record which comprise letters of reference that have been provided or obtained on the expressed or implied understanding that they

shall be maintained in confidence, and to have his or her official student academic record supplemented with comments so long as the sources of such comments are identified and the official student academic record remains securely within the custody of the academic division.

(b) Access by alumni and former students

An alumnus or alumna or a former student may examine and have copies made of the portion of his or her official student academic record as defined in Section 1 above. Requests must be made in writing and the division shall respond within 30 days of receipt of the request.

(c) Access by University Staff and members of official University councils and standing committees

Members of the teaching and administrative staff of the University and members of official University and divisional councils and committees shall have access to relevant portions of an official student academic record for purposes related to the performance of their duties. A staff member requesting information must have a legitimate need to have the requested information for the effective functioning of the position or office.

Access to medical information as defined in 1(e) above shall be granted to members of the teaching and administrative staff only with the prior expressed or implied consent of the student.

(d) Access by University campus organizations

Recognized campus organizations in the University of Toronto shall have access to registration and enrolment information as well as to the sessional address and telephone number of students named by that organization for the legitimate internal use of that organization. The campus organization must agree to use the name and address information only for the specific purpose for which it was provided.

(e) Access by others

By the act of registration a student gives implicit consent for a minimal amount of information to be made freely available to all enquirers:

- the academic division(s); degree program(s) and the session(s) in which a student is or has been registered,
 - degree(s) received and date(s) of convocation.
- Any other information contained in the offi-

cial student academic record (with the exception of confidential letters of reference), shall be released to other persons and agencies only with the student's prior expressed written consent, or on presentation of a court order, or otherwise under compulsion of law.

(f) Refusal of access

The University reserves the right to withhold access to the statements of results and transcripts of students, alumni and former students who have outstanding debts or obligations to the University in accordance with the Policy on Academic Sanctions for Students Who Have Outstanding University Obligations.

The above is a condensation of the University of Toronto Policy on Access to Student Academic Records. The full text is available in the Office of the Dean.

ATTENDANCE AND UNSATISFACTORY WORK

Students whose attendance or work is deemed to be unsatisfactory may have their registration cancelled at any time by the Faculty. The Council may suspend a student from registration in the Faculty for a given period of time not exceeding two years for unsatisfactory work. The student must then reapply for admission.

OPTIONAL RECITALS

Students wishing to give recitals that are not required as part of their programs must receive permission from their Applied Music instructor and the Performance Division.

PERFORMING ENGAGEMENTS

During the academic year many students wish to take advantage of performing opportunities that may enhance and complement their studies in the Faculty of Music. Should a scheduling conflict arise because of a performing opportunity, this must be reported to the Performance Division, where an attempt will be made to resolve the problem. Students must realise, however, that academic obligations take priority over any outside engagement. The Performance Division requires that students complete, *well in advance*, an Outside Engagement form if an absence from the Faculty of Music is to be requested.
